

Dear Friends,

Join the Fairhope Educational Enrichment Foundation for its annual fall fundraiser **FEEF Presents School of Rock** on Friday, October 19, 2018, 6:30 p.m. at the Fairhope Civic Center. The night will pay tribute to great rock and roll and will have amazing food, drinks and live music by the Foxy Iguanas beginning at 8:00 p.m.

All proceeds from this exciting evening benefit FEEF and the STEAM (Science, Technology, Engineering, Art, Math) enrichment programs in all five Fairhope public schools that are not made possible through traditional funding the schools receive.

Over the last 22 years, FEEF has created the award winning \$230,000 **Pelican's Nest Science Lab**, contributed \$250,000 to begin the **Black Box Theatre** at Fairhope High School, funded the **piano, guitar** and **choral** programs at both the middle and high schools and provided integral equipment for students such as school wide calculators for testing, band instruments, iPads, smart boards and much more.

Last year your support and generosity allowed FEEF to provide **over \$186,000** to Fairhope public schools. You made the following programs possible in our schools that would otherwise not exist:

- Hands-on Science Labs at Fairhope Intermediate and J. Larry Newton
- Interactive Smart Board for STEAM lessons in the classroom and at Pelican's Nest Science Lab, Lego Learn to Learn kits, and professional development at Fairhope Elementary
- Choral and Guitar Programs, including teacher salaries, for Fairhope Middle
- Guitar and Piano Program for Fairhope High
- Provided funding for all Grade 2 and 3 Shared Reading Collections and National Geographic Magazines for Fairhope Elementary
- Recycling program support, Tuba purchase for band and funding for Career College for Tweens and PocketLab Voyager programs at Fairhope Middle
- Flexible seating and support for special needs playground at Fairhope Intermediate
- Quadcopter Drone and Black Box Theatre funding for Fairhope High
- Library Renovation and Butterfly Garden at J. Larry Newton
- Funded all new Piano Lab for Fairhope Middle starting Fall 2018

We look forward to your support to make even more enrichment opportunities possible for our students. In this packet you will find all the information you need to be part of supporting our Fairhope students by sponsoring this FEEF event. Thank you for considering this investment in our children, our community and our future.

Sincerely,

Nicole Olmsted
Chair, FEEF Presents School of Rock
